

Self-Control

Monday January 29th, at 7:30 pm with
Guest Speaker – **Sue Alexander** CPDT-KSA, CBCC-KA, CDBC

Most of us teach our dogs the cue “leave it” so we can tell the dog what they can touch and what they must leave alone, but this strategy often backfires.

Join Sue Alexander and learn about why teaching “leave it” may teach your dog to NOT have self control. We will talk about the difference between self control, learner control, and how to succeed with a dog who needs to overcome impulse control issues.

Zoom Meeting 7:30 - 9:30 pm

(business meeting to follow speaker)

Guests are welcome!

Please **RSVP** to info@nyoc.ca
